

The Elephant Tree - a story of friendship

By *cdore*

Created Aug '13

When Jessica's family move into their new home in London, she's worried. How will she make friends? The house is shabby, but the overgrown garden holds a surprise: an extraordinary tree with a mystery in its branches. Then Jessica discovers boxes of old diaries, and a whole new world opens up. So vivid are the diaries that she finds herself drawn back to the time of the Second World War, seeing the street through the eyes of Peggy, whose bedroom Jessica now occupies. When the diaries come to an end, Jessica is left wondering: what happened next? A chance meeting gives her the opportunity to find out as old memories and friendships come full circle.
